

Proctoring In Our Schools

ST. JOHNS COUNTY SCHOOL DISTRICT
2021-2022

What is a proctor?

A proctor is a person who helps monitor students during an examination.

A proctor assists and supports the test administrator in exam administration, but they are **not** responsible for the actual test administration.

Who can be a proctor?

- Both school/district personnel and non-school/district personnel (volunteers) can serve as proctors, but they have slightly different roles.

School/District Proctor vs. Volunteer Proctor

- School/district personnel may assist the test administrator in distributing and collecting secure test materials.
- Non-school/district personnel (volunteers) may **not** participate in *any test administration procedures* and may **not** handle any secure testing materials.

What Proctors Do In Testing Rooms

- Check to see if the students are working in the correct session of the test, if they are not, report it to the test administrator in the room.
- If necessary, circulate quietly among students.
- Serve as an “extra set of eyes” in the room to assist the test administrator in monitoring the testing environment.
- Check to see if students have only the items needed to complete their test on their desk.
- Provide an extra pencil if asked to do so.
- Direct any and all issues observed in the room to the test administrator.

What Proctors May NOT Do In Testing Rooms

- Proctors may not handle test materials, unless they are a district employee.
- A proctor may not serve in a room if a family member is participating in the testing in that room.
- Should not directly address any student problems or testing issues. If you suspect there may be a problem, report it to the test administrator in the room immediately.
- Should not answer student questions. Excuse yourself and ask the test administrator to assist.
- May not use cell phones or other electronic devices. Devices must be on “silent” or turned off during testing and should remain stowed away until testing is complete.

Security Agreement

All proctors are required to:

- Read the Florida Test Security Statutes (1008.23 and 1008.24) found on the following slides.
- Read the Florida State Board of Education Test Security Rule (6A-10.042) found on the following slides.
- Sign and date a security agreement, indicating they have been informed of these rules.

Spring/Summer 2022 Test Administration and Security Agreement

Florida Department of Education Bureau of K–12 Student Assessment

Florida State Board of Education Rule 6A-10.042, F.A.C., was developed to meet the requirements of the Test Security Statutes, s. 1008.23, F.S., and s. 1008.24, F.S., and applies to anyone involved in the administration of a statewide assessment. The Rule prohibits activities that may threaten the integrity of the test. The Florida Test Security Statutes and State Board of Education Rule are located in the appendices of each test administration manual. Examples of prohibited activities are listed below:

- Reading or viewing the passages or test items
- Revealing the passages or test items
- Copying the passages or test items
- Explaining or reading passages or test items for students
- Changing or otherwise interfering with student responses to test items
- Copying or reading student responses
- Causing achievement of schools to be inaccurately measured or reported

Spring/Summer 2022 Test Administration and Security Agreement

Some allowable accommodations for ELLs, recently exited ELLs, or students with current IEPs or Section 504 Plans require test administrators to view test content or transcribe student responses. Test administrators are permitted to provide the accommodation(s) as described in each test administration manual.

All personnel are prohibited from examining or copying the test items and/or the contents of the test. The security of all test content must be maintained before, during, and after the test administration.

The use of appropriately trained test administrators and proctors decreases the risk of test invalidation due to test irregularities or breaches in test security. Inappropriate actions by district or school personnel will result in further investigation, possible loss of teaching certification, and possible involvement of law enforcement agencies.

I understand that I must receive appropriate training regarding the administration of statewide assessments and must read the information and instructions provided in all applicable sections of the relevant test administration manual, including the Florida Test Security Statutes and State Board of Education Rule. I agree to follow all test administration and security procedures, applicable to my role, outlined in the manual, Statutes, and Rule.

Further, I will not reveal or disclose any information about the test items or engage in any acts that would violate the security of statewide assessments or cause student achievement to be inaccurately represented.
